Alabama Commission on Higher Education

March, 1973

FOREWORD

The Alabama Commission on Higher Education was authorized on May 14, 1969 for "the general purpose of promoting an educational system that will provide the highest possible quality of collegiate and university education to all persons in the State able and willing to profit from it." The Act which created the Commission directed the Commission "to cause to be made such surveys and evaluations of higher education as is believed necessary for the purpose of providing appropriate information to carry out its powers and duties ..." It is in accordance with this provision that this publication is presented.

This study provides the Commission, members of the Legislature, and the higher education community with preliminary data on student flow--sources of entering freshmen, undergraduate transfer students, and graduate students. It is anticipated that future studies will refine and continue these assessments.

G. Sage Lyons Chairman Clanton W. Williams Executive Director

Alabama Commission on Higher Education
